YSX display at 13:00 on 11 November includes continuous and block trading, not the 12 November close. MYANPIX rose 1.69 from 899.20 on 10 November (about 0.19%). This is a same-index observation change, not an individual-stock return.

YSX ↗

Analysis: check trading terms

An index rise alone does not establish the ability to sell at a desired price. Check individual-stock volume, spreads and order conditions.

Unverified indicators

Fresh comparable gold, fuel, agricultural and bond values remain unverified. CSO displays and PPRD listings were checked; gaps are not filled with old values or estimates, nor treated as unchanged.

MAGDPL: AGM invitation

YSX published MAGDPL's 13th AGM invitation on 11 November. Myanma Agricultural & General Development Public Co., Ltd. plans an online meeting on 9 December. This is an invitation, not evidence that the meeting or dividend payment has occurred.

Item	Invitation
Meeting	2026-12-09 · 14:00 · Zoom
Questions/suggestions due	2026-11-28 · 17:00
Dividend per share	50 MMK
Trade cut-off / record date	2026-10-28 / 2026-11-02

Times are presented as local MMT; the invitation gives local clock times without an explicit timezone label. Payment dates are to be announced separately.

AGM ↗

Analysis: entitlement versus receipts

Do not assume purchases after the record date carry dividend entitlement. An announced amount alone is insufficient to fix a receipt date in cash planning.

Next checks for shareholders

Check online registration, shareholder details, meeting access and the securities firm's payment notice against the original. Individual registration and entitlement were not enquired into.
